

Indiana's Loyalty.

Corner Stone Laid for the Soldiers' Monument.

SPEECH BY THE PRESIDENT.

Thousands of Surviving Veterans Take Part in a Street Parade Before the Imposing Ceremonies—A Brief Description of the Sight.

INDIANAPOLIS, Ind., Aug. 23.—The two events that brought at least 75,000 Indians to the city yesterday, were so interwoven that it is hard to separate the two. Of course in the laying of the corner stone of the soldiers' and sailors' monument, a magnificent shaft, to rise 205 feet from the center of Circle park, the Grand Army men were prominent, but there also was President Harrison, the center of thousand eyes and the recipient of enthusiastic expressions of regard.

INDIANA SOLDIERS' MONUMENT.

The president slept so soundly Wednesday night, that they fired a salute, although it aroused nearly every body in the city failed to awaken him. It was 8 o'clock before he and Secretary Rusk and others of the party sat down to breakfast. After breakfast he received many friends, and at 10 o'clock the public came in to greet him. This reception was in charge of the citizens and Grand Army committee, and before it began the crowd around the New Demmon was dense. For an hour the reception continued, and in the line were hundreds personally known to the president, with which he exchanged a word or two. There were also present many of his comrades and others of the Army of the Union. To these he seemed to give an especial greeting. Nor were the women and children wanting.

At 12:30 o'clock the president drove to the rendezvous of the procession, where he was greeted by an immense throng. On the movement of the line he was the center of attraction, and continued so throughout. When the procession reached Circle park a mass of humanity gave him welcome. His place in the program, followed at the base of the monument, was near the end, but the great crowd waited patiently to hear him. When he arose the enthusiasm was more marked than at any time during his sojourn. As he proceeded in his speech the applause was frequent. He spoke as follows:

MR. PRESIDENT AND FELLOW-CITIZENS—I did not expect to make any address on this occasion. It would have been pleasant if I could have found leisure to make suitable preparations to have accepted the invitation of the committee having these exercises in charge, to deliver an oration. I would have felt it an honor to have associated my name with an occasion so great as this. [Cheers.] Public duties, however, prevented the acceptance of the invitation, and I could only promise to be present with you to-day. It seems to me most appropriate that I should take part with my fellow-citizens of Indiana in the great ceremony. There have been few occasions in the history of our state so full of interest, so magnificent, so inspiring, as that which we now witness. [Cheers.] The suggestion that a monument should be built to commemorate the valor and heroism of those soldiers of Indiana who gave their lives for the flag attracted my interest from the beginning. Five years ago last January, when the people assembled in the opera house yonder to unveil the statue which has been worthily set up to our great war governor, I ventured to express the hope that near by it, as a twin expression of our great sentiment, there might be built a noble shaft, not to any man, not to bear on any of its majestic faces the name of a man, but a monument about which the sons of veterans, the mothers of our dead, the widows that are yet with us, might gather, and, pointing to the stately shaft, say: "There is his monument." The hope expressed that day is realized now. [Cries of "Thank you," and cheers.]

I congratulate the people of Indiana that our legislature has generously met the expectations of our patriotic people. I congratulate the commission having this work in charge, that they have secured a design which will not suffer under the criticism of the best artists of the world. I congratulate you that a monument so costly as to show that we value that which it commemorates, so artistic as to express the sentiment which evoked it, is to stand on the capital of Indiana. Does any one say there is waste here? [Cries of "No," "no."] My countrymen, \$200,000 has never passed, and will never pass, from the treasury of Indiana that will give a better return than the expenditure for the erection of this monument. [Cheers.] As I have witnessed these ceremonies and listened to these patriotic hymns, I read in the faces of the men who stood about me that lifting up of the soul,

that kindling of patriotic fire that has made me realize that in such occasions the nation is laying deep and strong its future security. [Cheers.]

This is a monument of Indiana to Indiana soldiers. But I beg you to remember that they were only soldiers of Indiana until the enlistment oath was taken; that from that hour until they came back to the generous state that had sent them forth they were soldiers of the Union. [Great applause.] So that it seemed to me not inappropriate that I should bring to you to-day the sympathy and cheer of the loyal people of all the states. [Applause.] No American citizen need avoid it or pass it with unsympathetic eyes, for, my countrymen, it does not commemorate a war of subjugation. There is not in the United States to-day a man who, if he remembers what has occurred since the war, and has opened his soul to the sight of the soldiers' monument, will not feel that it is good for all our people that victory crowned the cause which this monument commemorates. [Cries of "Amen!" and applause.] I do seriously believe that if we can measure among the states the benefit resulting from the preservation of the Union, the relations states have the larger share. [Applause.] It destroyed an institution that was their destruction. It opened the way for a commercial life that, if they will only embrace it and face the light, means to them a development that shall rival the best attainments of the greatest of our states. [Applause.]

And now, let me thank you for your pleasant greeting, I have felt lifted up by this occasion. [Applause.] It seems to me that our spirits have been borne up to meet those of the dead and glorified, and that from this place we shall go to our homes more resolutely set in our purpose as citizens to conserve the peace and welfare of our neighborhoods, to hold up the dignity and honor of our free institutions, and to see that no harm shall come to our country whether from international discussions or from the aggressions of a foreign foe. [Great and prolonged applause.]

The president at the close of the exercises returned to his hotel and in the evening attended the camp fire at Tomlinson hall. There he was again received with great enthusiasm by the 5,000 people present. He spoke briefly, and at the close the cheering was great. The president will take part in the reunion of his old regiment to-day, and at 3 o'clock in the afternoon will leave for Deer Park.

EXCURSION TRAIN WRECKED.

Three People Killed and Forty-One Injured Near Knoxville, Tenn.

KNOXVILLE, Tenn., Aug. 23.—A terrible wreck which resulted in the death of three men and the injury of several others, occurred on the Knoxville, Cumberland Gap and Louisville road at Flap Gap creek, twenty-three miles from here, at 10:30 yesterday morning. The train was the first to go over the road, and carried a select party of excursionists composed of members of the city council and the board of public works, representatives of the chamber of commerce, and the very flower of the business and professional men of Knoxville. The train of two cars left the track at a crossing, and the rear car went down a trestle. Only one man was uninjured. It was impossible to obtain medical aid for a long time, and until 4:30 p. m., when the train reached Knoxville, scanty attention was rendered. Many had to be brought back on flat cars and the last part of the journey was made in a driving rain. Three men died from their injuries and others cannot live.

The dead are: Judge George Andrews, the most prominent lawyer in east Tennessee; S. F. Powers, the leading merchant and former president of the East Tennessee Fire Insurance company, and Alexander Reader, a leading politician, who has held many offices of trust.

The injured are: Alexander A. Arthur, president of the chamber of commerce; Isham Young, president, and Peter Kerne, member of the board of public works; John T. Hearn, editor of The Sentinel; W. W. Woodruff, a leading wholesale merchant; Charles S. Kinross, attorney; and Alexander Wilson, assistant chief engineer, Knoxville, Cumberland Gap and Louisville road. County Judge Mahoney, Aldermen Barry and Hockings; Gen. H. S. Chubert, of the governor's staff; A. J. Alberts, a wholesale merchant; Rev. R. J. Cook, professor of U. S. Grant university; City Physician West, Judge H. H. Ingersoll, H. R. Witzell, W. B. Samuels, C. Abbie, Capt. H. H. Taylor, S. McKelton, Edward Barker, J. F. Kinzoll, John B. Hall, Philip Samuels, aged 10, R. Schmidt, W. A. Park, and one of the train crew. Out of fifty persons on the train forty-one were injured. The most intense excitement and sadness is apparent here.

Saved By a Neighbor.

WYOMING, O., Aug. 23.—Frank Dubbs, youngest son of Eugene Dubbs, principal of the public schools, was terribly burned about the lower part of his body last night. While seated on the porch, cleaning a grease spot off his pants with gasoline, the fluid ignited from a lamp and the young man was enveloped in flames. No one was at home but a young brother, who was asleep at the time. Had it not been for the timely assistance of Mrs. Joel Kennedy, a neighbor, Frank would have been burned alive. The boy's mother arrived at this juncture, and throwing herself upon the boy, completely extinguished the flames. It is thought he will recover.

A Constitution Formed.

OLYMPIA, W. T., Aug. 23.—The constitutional convention completed its labors yesterday, and all the delegates are hurrying home. No business of importance was transacted except that a clause was passed confirming all government patents in title lands. The closing hours were very orderly, and there was not the slightest in decorum.

American Congress.

Great Preparations Being Made for the Event.

IN WASHINGTON NEXT OCTOBER.

It Will Be Attended By Fifty or Sixty Delegates—A Partial Program of the Proceedings—Report of the Gunboat Petrel—Other Washington Dispatches.

WASHINGTON, Aug. 23.—The International American congress will meet at Washington at noon upon the 2nd of October next, and will be attended by from fifty to sixty delegates, including some of the most distinguished men in Central and South America. It is not expected that the congress will do more than perfect its organization on that day, and it is probable that a reception will be tendered the delegates by the president that evening.

Upon the following morning the party will start upon the excursion tendered the foreign delegates by the government of the United States. This seems the most opportune time, as the grand convulse of Knights Templar is to be held at Washington during the following week, and all the hotel accommodations were engaged months ago. Arrangements have been made with the Pennsylvania Railway company to take charge of the excursion, which will be under the direction of George W. Boyd, the well known assistant general passenger agent, and William E. Surtis, as the representative of the state department. A special train of Pullman cars, of the most improved pattern, similar to those used upon the New York and Chicago, limited, with dining cars, bath rooms, barber shop, etc., a train as cannot be seen anywhere else in the world has been provided for the party.

The Petrel a Failure.

WASHINGTON, Aug. 23.—The report that the gunboat Petrel did not quite develop the required horse power during the official trial at Baltimore several days ago, is confirmed from a reliable source. An estimate of her average horse power during the trip, is 1,080 horse power just twenty less than the contract required. The Petrel is now under a penalty of \$200 per day and should she be turned over to the government without further trial, the contractors will have to add \$2,000 to this for not making the 1,100 horse power required. It is known that the contractors are willing to make another trial trip and they have well-founded hopes for success if what naval officers say is true, and Secretary Tracy will, in all probability be again called on to decide whether the gunboat should be given another chance.

Not Responsible.

WASHINGTON, Aug. 23.—It is claimed at the treasury department that Judge Milton J. Durham cannot be held responsible for payments made on certain alleged fraudulent vouchers for surveying done in Utah and California. The payments were authorized through an erroneous interpretation of the law by Judge Durham while first comptroller of the treasury. Officials and legal experts at the department believe that he is not responsible for the loss to the government. No bond for the protection of the government is required of the first comptroller.

The Seizures.

WASHINGTON, Aug. 23.—The vice consul at Victoria, who was reported as having had a conference with Capt. Alger, of the Albatross, about the seizures in the Behring sea, has not communicated to the state department the results of the interview nor made any report of the seizures. Acting Secretary Wharton, of the state department, denies that arrangements for the settlement of the sealing troubles by arbitration are now in progress.

PRELUDE EXPLOSION.

Eighty Pounds of Giant Powder Explodes in a Tunnel.

BALTIMORE, Aug. 23.—A special to The American from Princeton, Va., says a terrible accident is reported from Buckley's mills, Russell county, Va. A railroad tunnel is being driven through a big hill at that point, and a large number of men are employed there. A blast of eighty pounds of giant powder was put in Wednesday, but it failed to explode. Yesterday while extracting the charge it exploded prematurely.

An eighteen-foot drill was driven through Michael Duce's head, nine feet protruding on either side. He died instantly. John Romery had both hands blown off. Joe Moore's right shoulder was torn off by rock. Andrew Martin had a leg blown off at the knee, and William Kunz was terribly injured by flying rocks.

A Freight Train Wrecked.

MOREHEAD, Mo., Aug. 23.—Early this morning a freight train on the Missouri, Kansas and Texas railroad, was wrecked seven miles south of here. Engineer W. P. Ritter, of Hannibal, Mo., and Fireman G. E. Pennaris, of Mendota, Ill., were both instantly killed, and their bodies horribly mangled.

Rescue Against Fate Begging.

MONTGOMERY, Ala., Aug. 23.—The Southern Interstate Farmers' association closed its annual session here Wednesday. The committee on action covering submitted a resolution, which was unanimously adopted, most earnestly recommending to every cotton producer throughout the land the absolute discontinuance of jute bagging whenever a substitute can be obtained.

TOBACCO AND FRUIT.

An Excellent Report Sent to The New England Homestead.

SPRINGFIELD, Mass., Aug. 23.—Special reports to The New England Homestead from all the leaf tobacco growing sections of the United States indicate a fair yield of good average quality. Farmers have generally sold out their old crops, and the prospect for reasonably good prices is excellent. The acreage in the Connecticut valley has increased over that of last year, but is of course nothing to what it was ten years ago, while the acreage in Housatonic valley is larger than ever.

The crop is large in both valleys, and in the heaviest tobacco growing towns, such as Hatfield, East Hartford and South Windsor, which together, have nearly 8,000 acres. The quality was never better, although the yield is perhaps 200 pounds per acre less than last year. Very few offers have yet been made for the new crop, for which the growers' expect from ten to twenty cents per pound. The crop will be two-thirds harvested this week and the remainder will be put in by September.

In New York state the crop in Onondago county is growing on more acres than last year, but the yield per acre is less, and ten days of good weather will be needed to perfect the late set plant.

The Pennsylvania crop occupies fully as many acres as last year, including 1,500 acres in the single county of Lancaster. The crop is about equally divided between seed leaf and Havana seed. The yield as well as the quality will be fully up to the standard. The crop will be mostly harvested by the end of the week. Twenty cents have been offered for the first and second grades, with the fillers thrown in. The acreage in Wisconsin is about 10 per cent. more than last year's. Most of the crop has been housed.

The enormous apple crop of last year is succeeded this year by a comparatively short yield in the great apple belt. The English crop is also light, and an active export and fair prices are anticipated.

The Homestead reports the condition of the apple crop in New England, New York and Michigan at only 65 per cent. of a full crop.

Ohio fruit is holding up its good condition.

Apples in Illinois are more or less imperfect. The average for Maine, New Hampshire and Vermont is only 65. In the apple belt of Nova Scotia a shortage of winter fruit is also reported. In other sections of Canada the crop is also short.

MRS. MAYBRICK MAY LIVE.

The Queen Commutes Her Death Sentence to Life Imprisonment.

LONDON, Aug. 23.—The queen has commuted the sentence of death against Mrs. Maybrick into one of penal servitude for life.

It is understood that what governed the home secretary in recommending the prerogative of mercy to the crown was the doubt as to whether sufficient arsenic had been administered to Maybrick to cause his death, and as to whether death really came from arsenical poison.

The unanimous opinion of the judges whose advice was sought by Matthew, and who studied the evidence, was that Mrs. Maybrick had given her husband poison with intent to kill.

The result of the trial is, therefore, that Mrs. Maybrick is held by the law of England as guilty of adultery, and of having endeavored to poison her husband, and for these crimes she must undergo imprisonment for life. The home secretary distinctly states that petitions for release or commutation will not be considered.

The home secretary has arrived at the conclusion that the trial had been so conducted that as to the guilt of the prisoner the doubt remained, which, under the law of England, made capital punishment impossible. The practical result of the agitation on the Maybrick case will be the creation of a court of appeal.

Mrs. Maybrick Has Not Heard of It.

LIVERPOOL, Aug. 23.—The reprieve for Mrs. Maybrick had not yet arrived in Liverpool at midnight, and Mrs. Maybrick had not yet up to that time learned of it. Her mother fainted on receiving the news.

The Scott Chinese Law Valid.

SAN FRANCISCO, Aug. 23.—Chae Chang Ping, the first of the Chinese laborers to test the validity of the Scott law, by attempting to land in this country, and whose case was recently decided adversely by the United States supreme court, was ordered returned to China by the United States circuit court Wednesday afternoon. Ping left by the steamer Arabia, which sailed yesterday.

Failed to Cross the Ocean.

GLOUCESTER, Mass., Aug. 23.—Capt. Gardner, of the schooner Valkyrie, from the banks, reports that the schooner Martha A. Bradley, Aug. 10, on the western part of Grand bank picked up Capt. Charles Rogers in the small boat Nickel-din, in an exhausted condition. Capt. Rogers was bound from Boston to Paris, and had been at sea thirty-eight days.

Fall Overboard.

BUFFALO, N. Y., Aug. 23.—John O'Connor, aged 18 years, a porter on the propeller Chicago, fell overboard yesterday and was drowned. He was from Chicago, where he is said to be wealthy.

Ada Gray's Husband Dead.

ONTARIO, N. Y., Aug. 23.—Chris. A. Watkins, husband of Ada Gray, the actress, and well known throughout the country in theatrical circles, died here yesterday morning.

State Conventions.

General Mahone Nominated for Governor of Virginia.

EVERYTHING HIS OWN WAY.

The Republican Convention Unanimously Select Him to Head the State Ticket. The Republicans in Two of the New States Place Tickets in the Field—Nebraska Prohibitionists.

NORFOLK, Va., Aug. 23.—The Republican state convention to nominate candidates for governor, lieutenant governor and attorney general, convened in the Academy of Music shortly after noon. Long before that time crowds had begun to assemble in the lobbies, and by half past 11 most of the delegations had come in and taken the places assigned them.

The entrance of W. O. Elam, George E. Boden and other notables was greeted with cheers, which became tumultuous when Gen. Mahone appeared. After the audience became silent Rev. Vernon I. Anson advanced to the footlights and offered a prayer. Then Gen. Mahone addressed the convention amid loud cheers.

After this speech, a recess was taken until 3 o'clock to allow the districts to name men for the committees. When the convention met again at 3 o'clock the committees were announced, and another recess was taken until 7 o'clock to allow them to report.

At last night's session Hon. George E. Bowden, of Norfolk, was made permanent chairman, and Col. Asa Rogers, permanent secretary. The Mahone delegates in cases where they were contested were seated in three out of four cases, and in the fourth the vote was divided between the two delegations.

The platform was read by Col. W. C. Elam, of Louisiana. It pledges the Republican party, if given power, to settle the state debt permanently, satisfactorily and without increasing the state tax.

Gen. Mahone was nominated for governor by Col. William Lamb, of Norfolk, who made a brilliant speech. S. Brown Allen, B. A. Paul, A. W. Harris and others seconded the nomination. Gen. Mahone was unanimously nominated for governor.

A committee was appointed to notify Gen. Mahone of his nomination. He was introduced to the convention, and accepted the nomination in a brief speech.

The convention then proceeded to complete its work. Frank P. Blair nominated Col. Campbell C. Slem, of Lee county, for lieutenant governor, who was nominated by acclamation.

The convention adjourned after nominating W. L. Larty, of Harrisonburg, for attorney general.

Nebraska Prohibitionists.

LINCOLN, Neb., Aug. 23.—The Prohibitionists closed their state convention in this city last night, the session lasting two days. There were about 400 delegates in attendance. The convention was of one mind in everything, but the adoption of a resolution in the platform relating to the non-partisan amendment league, which evoked considerable discussion and some sharp personalities. A plank expressing sympathy with the movement was at length adopted. Candidates for supreme judge and regents for the state university were nominated. L. P. Wigton, of Norfolk, for the former position, and Mrs. Jennie F. Holmes, of Tecumseh, and L. B. Palmer, of Hastings, for the latter. Large mass meetings were held each evening, in charge of prominent speakers.

North Dakota's Republican Ticket.

FARGO, N. Dak., Aug. 23.—Opposing factions in the Republican state convention deliberated all day, and it was not until 6:30 yesterday evening that the first vote was taken. It resulted in the nomination of John Miller for governor. The remainder of the ticket was made up as follows: Secretary of state, John Flettie, of Traill; supreme court judges, C. H. Carless, of Grand Fork; Alfred Wallin, of Fargo and J. M. Bartholomew, of Lamoure; members of congress, H. C. Hansbrough, of Devils lake.

Montana's Republican Convention.

ANACONDA, Mont., Aug. 23.—The Republican state convention nominated the following ticket: For governor, T. C. Power, of Helena; for lieutenant governor, J. E. Rickard, of Butte; for member of congress, T. H. Cartet, of Helena.

Tragedy on a Fish Boat.

SHANNONSBURY, Ill., Aug. 23.—Yesterday morning on a fish boat in the Ohio river Wm. Brooks shot his wife in the head with a pistol, inflicting a fatal wound. He then shot himself in the cheek and in the right temple. These wounds were necessarily fatal, but Brooks succeeded in running to the river and jumping in, thus drowning himself while dying from the ghastly bullet wounds. Mrs. Brooks had separated from her husband and was keeping house for George Dattoz, the owner of the fish boat. Brooks had been drinking hard, and it is believed he premeditated the deed.

Creamery Association Fails.

READING, Pa., Aug. 23.—The Colbrookdale Creamery association, which conducts a large creamery in Colbrookdale township, this county, has failed, foreclosure proceedings having been brought on a \$1,000 mortgage. A large number of creameries have been started in this region within the past few years and several have failed lately, the business evidently being overdone.

Mayor Pearce held them to bail in the sum of \$250 each to answer for setting up a gaming table. Their trial was set for next Monday. Porter gave bond.

The other haul was made at Shafer's saloon on Front, east of Market, where Fred Frey, Wm. O'Brien and Lewis Resenfield, all of Lexington, were caught operating a "wheel of fortune." Their trial was set for to-morrow afternoon, and bail was fixed at \$250 each. Under the new law it is a penitentiary offense to set up a gaming table.

Jimmie Hall, a "shell-worker" from Covington, was run in by Marshal Heflin and was sent to jail to answer charge of vagrancy. Hall was very anxious his name should be kept out of the papers.

BAPTIST MEETING.

The Bracken Association Hold Their Annual Session at Dover.

Officers Chosen, Reports Read and Received—Other Business Transacted.

The Bracken Association of Baptists met at Dover Wednesday morning at 11 o'clock. Rev. W. J. E. Cox, of Georgetown, had arrived on the train from Cincinnati and was immediately pressed into service by the pastor of the church and preached to the congregation which had gathered.

After reading letters from the churches and enrolling delegates the following officers were elected: Moderator, W. H. Fritts, of Carlisle; Clerk, C. J. Hall, of Maysville; Treasurer, A. S. Rice, of Mt. Olivet.

After the appointing of the usual committees, Rev. R. M. Rabb, of Millersburg, read an able report on "Schools and Ministerial Education." "In order to the accomplishment of his task, the educator must recognize that his student has a moral as well as an intellectual nature; that to meet becomingly the issues of this life we must fix the eye on the life to come." He urged the support of denominational schools, referring to those in Kentucky, established for the education of males and females. This report after a few remarks by the author was followed by addresses on the general subject of education and of schools by Prof. J. J. Rucker, of Georgetown, Ky., Rev. J. W. Loving, of Lewisburg, Rev. W. Wood, of Sulphur Fork Association, Rev. Z. T. Cody, of Mayshek, Rev. W. J. E. Cox, of Georgetown, and Rev. J. H. Wright.

After attending to minor business the meeting adjourned.

The Baptists own a beautiful new church in the pleasant little town of Dover. Though weak in members, the church is full of working members and under the pastorate of Rev. J. H. Wright seems to be growing and prosperous.

The association re-convened at 9 o'clock Thursday morning, and after religious services conducted by Rev. G. W. Taylor, of Union Association, proceeded to the regular business.

Among the visitors present were Prof. J. J. Rucker and Rev. W. J. E. Cox, of Georgetown; Rev. G. W. Taylor, of Union Association; Rev. W. Wood, of Sulphur Fork Association; Rev. J. Pike Powers and Mr. and Mrs. W. D. Strode, of Winchester, Ky.; and Messrs. G. M. Allen, B. M. Allen and J. T. Huey, of North Bend Association; Revs. W. P. Harvey and J. W. Warder, of Louisville, and Rev. I. T. Tichenor, of Atlanta.

Rev. Z. T. Cody read a report on "Foreign Missions." Thirty-six new missionaries have offered themselves, and have been accepted, almost doubling the number in the field. Encouraging reports from the foreign mission field were referred to—from Mexico, Brazil, Africa, China and Italy. A mission is to be established in Japan.

This report was discussed by Revs. Z. T. Cody, G. W. Taylor and W. J. E. Cox.

The report of the Bracken Mission Board was then taken up and discussed by Revs. J. W. Loving, Cleon Keyes, R. B. Garrett and J. B. Blake, and about \$75 was raised to extinguish a debt of the board.

The report of the Home Mission Board was read and after remarks by its writer, Rev. C. W. Alexander, of Sharpsburg, the subject was discussed by Rev. I. T. Tichenor, of Atlanta, Ga., in a speech of forty minutes. The Home Board employs now 323 missionaries and has established 323 new churches. He made an appeal for sending missionaries among the vast foreign population now congregating in Texas, for aid to the colored

people of the South, for the Indians on our Western plains, and in the Indian Territory. He urged the necessity for giving aid to the Baptist cause in Arkansas, Louisiana and Florida.

The Bracken Board of District Missions elected J. A. Chappell, of Carlisle, as Chairman, and W. H. Fritts, of same place, as Secretary.

In the afternoon after miscellaneous business, including the selection of Flemingsburg as the place of next meeting on the Wednesday before the 4th Sunday in August, 1890, there was a discussion of missionary work in the district and in Kentucky, in which Revs. J. Pike Powers, Z. T. Cody and R. B. Garrett participated. The increased contributions for State work, the growing interest manifested by the churches in this work were brought out by the speakers and the association was encouraged to renewed efforts.

An interesting report on the state of the churches was read by Rev. J. W. Loving, and many valuable suggestions were made by Revs. J. W. Loving, W. P. Harvey and Z. T. Cody.

The following was offered by Rev. Z. T. Cody, and after being spoken to by a number of the delegates was unanimously passed:

WHEREAS, Our brother Rev. R. B. Garrett will soon move from our association for a new field of labor;

Resolved, That we express to him our high regard for his christian character and for the work he has done among us. That we assure him of our interest in and prayers for him in his new field of labor.

Rev. R. B. Garrett responded in feeling terms to the resolutions.

Dr. I. T. Tichenor, of Atlanta, preached to the association last night.

Piles! Piles! Piles!

Dr. McDowell, the specialist of Cincinnati, will be at the European Hotel during the fair, where he may be consulted by all afflicted with piles or other rectal trouble. 21d3t

BIG CROWDS.

The Blue Ribbon Fair and Races Attract an Immense Throng the Second Day.

Splendid Exhibitions of Speed—All the Favorites Get Left—Summary—Premiums.

The fair and races are proving a big attraction. An immense throng of people was present yesterday. The crowd was estimated at 7,000 or 8,000, and the second day was a successful one for the company. The heavy clouds of dust stirred up by every racer made things very uncomfortable, however, and seriously interfered with the pleasure of the people.

The fields of saddle and harness horses exhibited in the arena were pronounced the finest ever seen on the grounds. The "rings" were nearly all well filled, and the competition for the blue ribbon was spirited. Messrs. E. H. Martin, D. Ed. Bullock, W. C. Samuels and J. T. Fleming were directors for the day. Following is a list of the prize-winners:

Harness stallion, four years old and over; J. McClelland, of Millersburg, \$20.
Harness stallion, three years old and under four; J. W. Poluxester, Cythiana, \$15.
Harness stallion, two years old and under three; C. W. Bramlett, Mason County, \$10.
Harness stallion, one year old and under two; J. P. Cassidy, Flemingsburg, \$10.
Harness stallion, under one year; O. E. Evans, Bethel, \$8.

Saddle stallion, four years old and over; Wm. McClelland, Mason County, \$20.
Saddle stallion, three years old and under four; C. W. Fleming, Mason County, \$15.
Saddle stallion, two years old and under three; Didn't fill.

Saddle stallion, one year old and under two; E. P. Berry, Mayslick, \$10.

Saddle stallion, under one year; A. R. Stroud, Mason County, \$8.

Road horse, mare or gelding; J. W. Fitzgerald, Maysville, (Alcaudra), \$40.

The most stylish turnout, everything considered; W. T. Redmond, Paris, \$15.

Stallion and three colts, given by White Collar Line; F. M. Tolle, Maysville \$20.

Mare and two colts; W. T. Redmond, Paris, \$15.

Mare and suckling colt; J. A. Royse, Sharpshurg, \$15.

Suckling colt, any sex; O. E. Evans, Bethel, \$15.

The pony race was a half-mile dash for a purse of \$15, the entries not to exceed fourteen hands in height. There were four to start. Noble, a Lexington animal, won easily in 56 seconds, Tom Thumb getting second place.

On the track it was a bad day for the favorites. In the two principal races, the backers of the "short horses" raked in the cash, and were a happy crowd when it was all over. Before the start was made in the 2:20 pace, Cognac sold as a big favorite, bringing \$30 to \$10 for Charley P. and \$3 and \$5 for Ezlong. The gray gelding Charley P. took the lead from the word go, however, and won in straight heats, lowering his record from 2:25 to 2:20.

Nancy Hanks was the choice in the stakes for foals of 1888, but she "went sick" and was not started. Next to her Angelina was the favorite in the box, but the bay filly disappointed her backers and did no good after the first heat. Glenview Belle, a bay filly by Nutwood, dam by George Wilkes, won the race, and quit with a record of 2:23. The track was too dusty to be fast. Summary:

2:20 PACE—PURSE \$100.
Ezlong 1 1 1
Cognac 2 3 2
Time—2:22, 2:20, 2:23.

CENTRAL HOTEL STAKES FOR FOALS OF 1888.
Glenview Belle 2 1 1
Angelina 1 2 3
Bougie Wilmore 3 3 2
Time—2:23, 2:23 1/2, 2:24 1/2.

The C. and O. R. R. stakes for foals of 1888 were won by Gurto, in 2:51 1/2, Spring-day being second, Moonstone third, and

Oryone fourth. The race was a mile dash, and the time was fast for a youngster.

Limestone Stock Farm's bay stallion McAllister by Egbert, dam by Ben Adams, was given a mile with a running mate to beat 2:30. In the first trial he broke badly, but he did splendid work in the second, trotting the mile with out a skip. Dick Young held the reins, and put him under the wire in 2:27.

The judges yesterday were J. Wilson Edwards, of Waynesville, O., W. J. Steele, Woodford County, Ky., and P. P. Parker, of this city.

Charley P., the winner of the 2:20 pace, is a rather remarkable horse. He is owned by G. & C. P. Cee, of Danville, and for two seasons did the trotting act, but not with much success. The best record he obtained a trotter was 2:25 1/2, which he got at Lexington in 1887. This year he is a pacer, and is downing every horse he meets. He has not lost a race during the season. At Danville, he got a record of 2:25 1/2 in the 2:30 pace. In yesterday's race he cut this down to 2:20. He is a handsome gray gelding, finely bred, by Governor Sprague, and out of Mariba, by Rothschilds, out of the famous old mare Lady Gregory, the dam of Jeremiah 2:24, (trial 2:18). Charley has been considered a rather unreliable fellow by his friends, but his race yesterday shows him a race horse from the word "go." His pacing blood comes from old Billy Boice 2:14, who was the greatest pacer in Kentucky years ago.

FILLED-GOLD and solid silver headed umbrellas made of the best silk, at Balenger's jewelry store. The handsomest goods in that line in town. If you need one don't fail to call and see his stock.

The select social hop given by the Ancient Order of Hibernians at the Neptune Hall last night was one of the most enjoyable events of the week. The fair lassies and gallant beaux of Maysville were in attendance in large numbers, and the cities on the K. C. R. R. and up and down the river were well represented. The occasion will be remembered by the participants as a most pleasant one.

DR. GARRETT H. HOLT has been in the habit during the warm weather this season of seating himself in the second story window at his father's residence and smoking a cigarette while cooling off before retiring. Last night he went to sleep, and fell to the pavement below and sustained very painful injuries, being badly bruised about the face and body. The bones of the nose were fractured. It will be several days before he recovers. The accident happened about 11 o'clock.

AWAITING THEIR DOOM.

East Hours of the Four Condemned Murderers in New York.

New York, Aug. 23.—James Nalen, aged 23, Ferdinand Carlin, aged 33, Patrick Packenham, aged 55 and John Lewis, aged 31. The four condemned murderers of women, bear up well under the shadow of the gallows, though they have but a few hours to live.

The men did not retire last night until about midnight. Sheriff Flack visited them, gave them cigars, and said a few words calculated to give them courage. During the evening, Packenham's son, whose testimony helped convict the old man, was allowed to bid his father farewell. He had run away from a farm on which he is employed, and had walked into town to have his last interview. Both men wept, and the scene was a painful one. Carlin, whose mind wanders at times, insisted on inspecting the scaffold. After the survey he said it was a poor job; that he could make a better one himself. He was sure the weights were too light. The men all seem likely to meet their doom with calmness. Their spiritual advisers remain in constant attendance.

Lydia N. Frammel, aged 32 years, was found dead in bed this morning at the residence of her sister, four miles northwest of Lebanon, Ind. An empty bottle labeled chloroform and cresote was found near her, and it is supposed she committed suicide.

ILLINOIS MINERS

Do Not Like the Terms Offered Them. The Glassworkers' Scale.

SPRING VALLEY, Ill., Aug. 23.—As was expected, the locked-out miners do not like the proposition made to them by W. L. Scott, and a feeling of intense bitterness exists among a good many of them in regard to the clause declining to treat with any organization or union. They are all union men, and the leaders, especially, have a rank feeling of hatred in their breasts, and say the offer will not be recognized at all.

It is unquestionably a fact, however, that if a secret vote could be taken the more intelligent of them would cast their ballots to resume work. This is especially true of the French, Belgian and Italian groups. It is said, however, that a good many of the strikers are now in better circumstances in the matter of provision than when the mines were working, owing to the large quantity of relief that has come from Chicago and elsewhere. A break may be expected among the foreigners, however, at any time. Trouble will ensue if any tenants are evicted.

Glass Workers Scale Sent Out.

PITTSBURG, Aug. 23.—The Window Glass Workers' association has sent out its scale to individual manufacturers. No one has yet signed the scale except the Chambers-McKee company, and it is assumed that no firm will sign until there is a settlement of the existing controversy between certain manufacturers. The glass workers' leaders claim that they are glad the manufacturers have decided to fight. During the period of idleness stocks will be reduced, and there will be a better feeling when the agreement to fire up is reached.

Charged With Train Wrecking.

PITTSBURG, Aug. 23.—John Wilson and Wilbert Douden were yesterday afternoon committed to jail in default of \$2,500 bail each, charged with attempting to wreck the "Owl" train on the Pennsylvania railroad, Monongahela division. On the night of July 20, two heavy oak plants were wedged over the rails at the curve near Lostock station. The engine and train fortunately passed safely over the planks. A terrible bumping was the only injury received. Detectives discovered that the two young men named, together with George Gales, who lives at George's creek, Ill., were the perpetrators. Wilson and Douden confessed, stating that they had sat on the hillside to watch the train go to pieces. They say that Gales suggested the crime, and that they assisted from "pure hellishness." Gales will also be arrested.

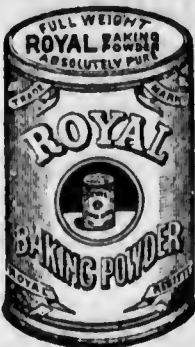

The Fast Habits Corpus Case.

SAN FRANCISCO, Aug. 23.—The habeas corpus proceedings in the case of Justice Field came up yesterday, but were postponed until next Tuesday in order to have the question of Federal and state jurisdiction settled before the legality of the arrest is gone into.

Died From Excessive Drinking.

DENVER, Col., Aug. 23.—Zamus F. Wilbur, perhaps the most important witness in the government's suit against the Bell Telephone company, was found dead in his bed yesterday. The death evidently resulted from hard drinking. For a year Wilbur has been conducting the patent office in this city.
